

## Disc Diode

## Rectifier Diode

### SKN 4000

### Features

- Capsule type metal-ceramic package with precious metal pressure contacts
- Medium voltage, high current rectifier diode with slim package for lowest thermal resistance
- Low power dissipation
- Especially suited for water cooling
- Forward selections for paralleling available

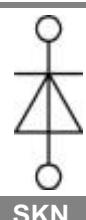

### Typical Applications\*

- Welding
- Electroplating

1) DSC - Double sided cooling  
SSC - Single sided cooling
